Clinical Engagement

Created by Ian Green, last modified on 2021-Apr-12

This is the home page for all Clinical Engagement activities within Confluence. The site directs you to all resources you will need as a clinician to participate in the development of SNOMED CT, and also provides access to clinically focused educational materials

For queries relating to Clinical Engagement, please email crg@snomed.org

About Us

Clinical input into the development of SNOMED CT ensures that the terminology meets current and future clinical requirements. These activities form part of the broader approach of Clinical Engagement. Clinical engagement is currently supported by a dedicated team.

Although, each member of the Clinical Engagement team is located in a regional area, the Americas and Europe Middle East & Africa, the team looks to support clinical engagement activities across all regions through discussion and collaboration with local-based clinical colleagues.

The Clinical Engagement team

Ian Green

Customer Relations Lead Europe and Clinical Engagement Business Manager
