## MEMBERSHIP

# Strengths of the Community

- Member **representation and growth**
- Excellent calibre of Members with **technical and clinical expertise**
- **Broader representation** has led to new areas of interest or use cases and focus

# Strengths of the Community

A purple rectangular box with the word "OPERATIONS" written in white, uppercase, sans-serif font.

- **Good forums** for exploring proposals, developments, and “early warnings” to avoid unintended consequences.
- **User-led presentations, discussion topics and collaborative development** of resources are beneficial
- A great way to **allow for issues and ideas exchange**

## OUTCOMES

# Strengths of the Community

- **Producing tangible SNOMED CT products**
- **Providing valuable insight and advice on decisions made by SNOMED International.**
- Gains are being realized from changes that have been put in place over the past years.
- **Editorial support** for clinical groups

# Opportunities for Change

GROWING  
PARTICIPATION  
GLOBALLY

- Need continued **recruitment for global participation** from clinicians, technical experts and newer Members.
- Get increased involvement of **EHR vendors and implementers** may impact system redesign to benefit clinicians and other users.
- Look for broader and targeted **outreach** to support group recruitment from SNOMED International.

# Opportunities for Change

## QUALITY ASSURANCE SUPPORT

- Desire additional **quality assurance support** for clinical groups, etc.

## INFORMATION EXCHANGE

- Request meeting formats with more **open discussion** forums, **question and answer** sessions
- Look for increasing **feedback mechanisms within groups** to allow for more review time for proposals.

# Looking Ahead

**Business Meetings:**  
24 - 28 September

**SNOMED CT Expo:**  
29 - 30 September

**Lisbon, Portugal**

*Quality Data, Informed Healthcare*
