

SNOMED International Research Engagement - Clinical Matters

October 2019
Suzy Roy
SNOMED International

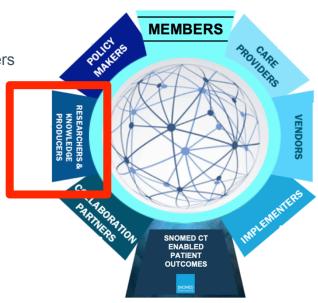

SNOMED CT and Research

 Researchers & Knowledge producers have been identified as one of our Key Stakeholders (with Members, Policy Makers, Vendors and others).

 SNOMED International is committed to engaging with researchers globally from all specialities

- 3 Big Goals Products and Services, Adoption, and Innovation
 - Innovation includes emerging technologies

What does engagement look like?

Current Goals -

Determine the needs of the science/research customers. How can we engage with our research community? How can SI support our research community?

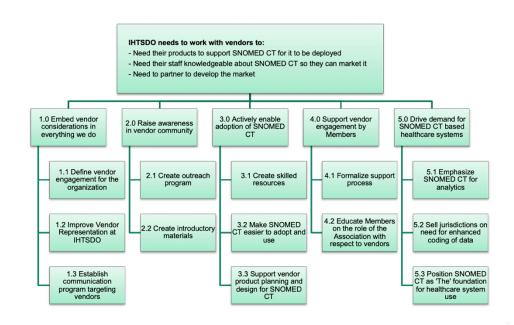

Current Research Engagement Work

Item/Approach	Timeline	Notes
Literature review and environmental scan	July-August	
Identify key areas/topics/domains of scientific interest	August/September	
Identify key experts in each region	August/September	
Hold a Science Expert Workshop	October/November	Discuss needs, support, wants, vision/ideas. How to engage with them.
Review SI Strategic Plan for SNOMED Research goals	November	Once approved by GA after October 2019
Identify Strategic Goals and Priorities	November/December	Based on outcomes of 1, 2, 3, 4 & 5
Plan specific initiatives and targets to meet goals and objectives for 2020 (and beyond?)	November/December	Includes stakeholder engagement plan, and meeting strategic goals and priorities from 6.

Developing a Researcher Engagement Plan...

Vendor Engagement Strategy

Questions

- What would you like to see for support for research?
- Are there groups/orgs/people we should be interacting with?
- What are some the SNOMED education needs for researchers?
- Recommendations/thoughts on SNOMED engagement with academic research universities? Academic/professional organizations?
- Areas of the current organization governance where researchers might want to be involved or provide valuable contribution?
- Other thoughts on SNOMED research engagement?
