## IHTSDO SNOMED CT Browser

The screenshot shows the IHTSDO SNOMED CT Browser interface. The top navigation bar includes 'Release: International Edition 20160131', 'Perspective: Full', and 'Feedback'. The main content area is divided into 'Taxonomy' and 'Concept Details'. The 'Taxonomy' view shows a tree structure of SNOMED CT concepts, with 'Clinical finding (finding)' selected. The 'Concept Details' view shows the selected concept's parents and children. The 'Parents' section shows 'SNOMED CT Concept (SNOMED RT-CTV3)' and 'Clinical finding (finding)'. The 'Children' section shows 'Administrative statuses (finding)', 'Adverse incident outcome categories (finding)', 'Bleeding (finding)', and 'Calculus finding (finding)'.
