

SNOMED CT International Edition

The set of [SNOMED CT components](#) and [reference set members](#) that either belong to a specific [module](#) identified by [SNOMED International](#) as the [focus module](#) for that *edition* or belong to one of the *modules* on which that module depends.

Notes

- The *International Edition* includes the foundational content of SNOMED CT on which all other [SNOMED CT modules](#) must have dependencies.
- [SNOMED International](#) currently identifies the [SNOMED CT core module \(core metadata concept\)](#) as the *focus module* for the *International Edition*. Only the [SNOMED CT model component module](#) is currently specified as a dependency.
- The *International Edition* may be supplemented by [extensions](#), maintained and distributed by [Members](#) and [Affiliates](#), to meet additional national, local, and organizational requirements.

Alternatives

- **International Edition**
