# Clinical Engagement

This is the home page for all Clinical Engagement activities within Confluence. The site directs you to all resources you will need as a clinician to participate in the development of SNOMED CT, and also provides access to clinically focused educational materials.

## About Us

Clinical input into the development of SNOMED CT ensures that the terminology meets current and future clinical requirements. These activities form part of the broader approach of Clinical Engagement. Clinical engagement is currently supported by a dedicated team.

Although, each member of the Clinical Engagement team is located in a regional area, the Americas and Europe Middle East & Africa, the team looks to support clinical engagement activities across all regions through discussion and collaboration with local-based clinical colleagues.

### The Clinical Engagement team

- **Dr Charles Gutteridge**
  Clinical Engagement Lead
  EMEA
  cgu@snomed.org

- **Peter Hendler, MD**
  Clinical Engagement Lead
  Americas
  phen@snomed.org

- **Jane Millar**
  Collaboration Lead
  CRG Coordinator
  jmi@snomed.org

## Clinical Engagement strategy

**SNOMED International Clinical Engagement strategy** sets out the organisations approach to engaging with clinicians and clinical groups. It provides a framework for engagement activities, and details how clinical input will be provided to ensure that SNOMED CT meets the requirement of clinicians, and remains clinically relevant in the changing face of healthcare.

**VISION** -

## Clinical Engagement Chat Room

The Clinical Engagement Chat Room aims to provide a simple way to engage with other clinicians on issues and to ask/answer queries.

The url for the chat room is [https://public-snomedintl.slack.com/messages/CBFLM8V18/](https://public-snomedintl.slack.com/messages/CBFLM8V18/)

**Getting Started**

**Contact**

For queries relating to Clinical Engagement, please email crg@snomed.org
To ensure that all activities of the SNOMED International are influenced by global clinical communities.

SNOMED International’s culture has a progressive and sustainable approach to engaging clinicians.

Access strategy here Clinical Engagement.

Access to the SNOMED International Slack workspaces are by invitation only. Experience on other platforms has shown that it is easier to manage who has access this way.

If you do not have an account or access to the SNOMED International public workspace, please contact crg@snomed.org to request an account.

"Sunsetting" of the Organism and Infectious Disease Model (OIDM) Project Group
Ian Green posted on Feb 11, 2020
The Organism and Infectious Disease Model (OIDM) Project Group is to be "sunsetted". The project files will be archived on the SNOMED Confluence site (Archive - Special Interest Groups (SIGs), Health Professions Coordination Group (HPCG) and Clinical Reference Groups (CRGs)
https://confluence.ihtsdotools.org/pages/viewpage.action?pageId=57808540....

Clinical Engagement webinars and face-to-face meetings
Ian Green posted on Dec 09, 2019
The Clinical Engagement team would like to welcome all clinicians who are involved or interested in SNOMED CT, to attend the first in an ongoing series of meetings. The meetings will be held quarterly, with two meetings as webinars, and two meetings face to face in the scheduled SNOMED International Business meetings. The first webinar will be held on Wednesday, 29th, January 2020 at 20:00 UTC. The meeting will last for two hours, and provide an overview of current clinical workgroup activity....

Hi all, Many thanks to all who attended and presented at the clinical session in Kuala Lumpur. The session was very well attended, and we have received very positive feedback from all those attending and taking part. Details of the session, and the presentations are now available from the following link - 2019/10/30 - Malaysia: SNOMED supporting clinicians We will be looking to undertake clinical sessions at future meetings....
