Defects Corrected

No changes in this release.

Additional Notes

This expedited release has an improvement to allow saving of classification results on a task that is behind or diverged from its project, to avoid duplication of classification results across project tasks, and avoid interruptions to authoring work flow by the need to rebase if there is a promotion to the project.

Module versions

Front-end Version 1.0.53

Back-end Version 4.5.12

Orchestration Service Version 1.21

TS Browser Version 0.13
