

# SNOMED E-Learning AG April Meeting - Remote Conference Call

As you may have seen, [SNOMED International has announced the cancellation of the face to face April 2020 business meetings](#). However, the work we do to provide SNOMED CT e-learning to the international community continues, and so does our need to get feedback and advice from our Members and expert representatives.

I would therefore like to propose that the cancelled face-to-face meeting is replaced with a 2 hour remote conference call. Due to the timezone challenges, I am happy to offer 2 alternative times if this will make it easier for more of you to attend.

**Could all ELAG Member and expert representatives please respond to this [Doodle Poll](#) by close of business Thursday 12 March**, and I will use your responses to select one or more suitable meeting times.

If you have any questions, please contact me at [lbi@snomed.org](mailto:lbi@snomed.org).

Thank you!  
Kind regards,  
Linda.
