SNOMED CT Content Request Service

> ⓘ Welcome to the SNOMED CT® Content Request Service (CRS) . This system allows users to request basic content changes to SNOMED CT.

How do I get to CRS?

Please go to https://request.ihtsdotools.org, where you will be asked to log in.

How do I obtain a CRS Account?
Please see, Accessing CRS.

What types of Content Requests are supported?

Before making any request, please read the guidance on submitting content -

Version 11.0 Cu...CT 20220228.pdf

The new CRS tool features a variety of templates and two request entry modes to appeal to most users. These Include:

- **Create a new Concept(s)**
  A request for a new concept must take into account existing content and align with the existing Editorial Guidance
- **Add New Synonym(s)**
  A new synonym may be added to an existing concept if the request aligns with existing Editorial Guidance and has a clear justification.
- **Add or Modify Parent(s)**
  A new parent may be added to an existing concept (or changed) if the request aligns with existing Editorial Guidance and has a clear justification.
- **Add or Modify Description(s)**
  A new description may be added to an existing concept (or changed) if the request aligns with existing Editorial Guidance and has a clear justification.
- **Inactivate Concept(s), Description(s), or Relationship(s)**
  Concepts or their components may be inactivated if the request aligns with existing Editorial Guidance and has a clear justification.
- **Modify and Create New Relationship(s)**
  New relationships or modification to existing concepts may be made if the request aligns with existing Editorial Guidance and has a clear justification.
