

SNOMED on FHIR Meeting (TS & TB Hybrid) - Sunday 25 September 2022

Hello FHIR Working Group and interested observers. As you'll hopefully have seen from our [Business Meeting Calendar](#), we're again holding a SNOMED on FHIR working group meeting on the Sunday morning.

For those of you able to join us on site, we'll be in the Belém II room starting at 09:00 local time, which (for those of you elsewhere in the world) is 08:00 UTC.

We'll follow the usual "round table" discussion of our monthly Asia-Pacific timezones friendly call and there will be an open door policy.

[2022-09-25 - SNOMED on FHIR Meeting \(TS & TB - Hybrid Meeting\)](#)

Because of this Sunday meeting, we will not also hold the previously scheduled Wednesday call. So hopefully you'll have received a calendar cancellation for that slot.

Any questions or suggestions please do get back to me, or comment here below.

Best Wishes, Peter
