

Medical Procedures Project Group Home

Welcome to the Medical Procedures Project Group space!

This space is for the Medical Procedures Project Group members to share information and collaborate.

Group Status

*** 30th, January 2024

Following the standing down of Kin-Wah as chair of this group, SNOMED International have made the decision to close down this group for the time being. When this issue is raised as a Member priority in the future, we will re-evaluate and look to re-establish the group

SNOMED International would like to thank all participants in this group for their valuable work, and would like to ensure all of you that the work the group has undertaken will not be lost.

Past Chair of the Project Group

[Kin-Wah Fung](#), MD, U.S. National Library of Medicine, National Institute of Health

Purpose of the Project Group

To assess the extent to which various procedure terminology models can capture the essential meaning of medical procedures
