

Meeting Recordings

GoToMeeting Recordings

Please do **not** upload any GoToMeeting recordings onto Confluence. These files should be put in a folder in Google Drive, which is shared using a public link as described here - <https://support.google.com/drive/answer/2494822?hl=en>.

To submit new recording and if you believe that you do not already have 'write' access to the Google Drive folder below, please contact techsupport@ihtsdo.org. Alternatively, you can send any large files recordings via <http://free.mailbigfile.com/> to techsupport@ihtsdo.org indicating where you would like them uploaded to.

*If you see a **Not Found, 404 Error, this is expected on space creation.** Please edit this page and change the 'FOLDERID' in the URL in the macro below to the relevant shared google drive folder id - see [Embed a Google Drive folder in a Confluence page](#) for further information.*
