HPCG HPCG Agenda 2014-08-04 (collabnet topic id: topc6987)

Title	Content	Created By	Date Created	ID	Topic ID
HPCG HPCG Agenda 2014-08-04	Dear HPCG members, In preparation for Monday's meeting, here are two items for review which are on the agenda for discussion. Please review and provide comments at the meeting. Thank you Monica	mharry	Thu Jul 31 11:36:01 Z 2014	post10376	topc6987
Re: HPCG HPCG Agenda 2014-08-04	Monica, I plan on attending the meeting, but will be 20+ minutes late. This got put into my Outlook calendar without adjustment for daylight savings time in the US and I am not sure why. Thus, I had it listed for 10AM. Mark On Thu, Jul 31, 2014 at 6:36 AM, Monica Harry (ihtsdo staff) <mha@ihtsdo.org > wrote: > > Dear HPCG members, > > In preparation for Monday's meeting, here are two items for review which > are on the agenda for discussion. HPCG HPCG meeting reminder - May 4th at 20:00 UTC (collabnet topic id: topc7476)

Title	Content	Created By	Date Created	ID	Topic ID
HPCG HPCG meeting reminder - May 4th at 20:00 UTC	Dear Healthcare professionals, Please forward agenda items for discussion at the upcoming meeting, to Jane Millar. Also, please prepare two slides with brief updates from your SIG activities as an aid to reporting to the group. all the best Monica	mharry	Mon Apr 27 12:45:04 Z 2015	post 11164	topc7476

HPCG SIG introductory information template (collabnet topic id: topc7492)

Title	Content	Created By	Date Created	ID	Topic ID
HPCG SIG introductory information template	Dear HPCG members, Please complete by June 8th as discussed on our call earlier this week; I have created a "TEXT" word template which you can review and amend specific to your area of interest. This is based on the publication created by the Nursing SIG - thank you Susan! Please add the pertinent details and any other information you deem helpful and relevant i.e. encourage participation in the SIG. PLEASE UPLOAD YOUR DRAFT AMENDED VERSION TO THE FOLDER I HAVE CREATED ON COLLABNET HERE: https://csfe.aceworkspace.net/sf/docman/do/listDocuments/projects.healthcare_professionals_sig_coo/docman.root.documents_for_review.introduction_to_the_sig_template I have also attached the final nursing SIG version so you get the sense of the final product. Please let me know if you have any questions. thank you Monica	mharry	Fri May 08 12:40:12 Z 2015	post11195	topc7492
Re: HPCG SIG introductory information template	Hello all, Just a gentle reminder to please read over the template and edit according to your professional domain and send them to me as early as possible and no later than June 8th. There is not a lot of content required just some examples and specifics about the work the SIG carries out plus the goals and objectives. I am attaching the generic template here for your convenience; have also attached the Nursing copy again so you see can see how it will appear in the final version. Please let me know if you have any questions. best wishes Monica	mharry	Thu May 21 15:10:26 Z 2015	post11239	topc7492
Re: HPCG SIG introductory information template	Hi Monica, Here is a draft for the Dentistry SIG. Let me know if I have followed the format and provided the information requested. Thanks. HPCG Re SIG membership and agendas (collabnet topic id: topc7338)

Title	Content	Created By	Date Created	ID	Topic ID
HPCG Re SIG members hip and agendas	An item for discussion at meeting of HPCG on 5th January is how do we encourage membership of the professional SIGs - something a number of you have raised. Based on discussions with you individually and thoughts as I reviewed the Terms of Reference, I have a couple of points which relate to process which may contribute to helping encourage membership whcih I wanted to share ahead of the meeting. 1. A published schedule of meeting on project home page 2. A number of 'standard' agenda items: - Editing update (from liaison editor) - IHTSDO updates - other related standards work - related activity in individual countries (which will help with identifying requirements coming down the track) Hope this will kick off a good discussion on Monday Jane	jmillar	Wed Dec 31 15:09:51 Z 2014	post10 873	topc7338

HPCG Criteria for creating an IHTSDO Special Interest Group (collabnet topic id: topc6642)

Title	Content	Created By	Date Created	ID	Topic ID
HPCG Criteria for creating an IHTSDO Special Interest Group	We want to progress drafting the criteria for forming an IHTSDO SIG before our next meeting in June. I am attaching the slides we prepared for the call this week which did not happen. Please could you provide any comments by Friday 25th April so that I can move this forward. Send them directly to Jane at jmi@ihtsdo.org or put them on them in this discussion area. I am also happy to discuss with anyone when we are in Copenhagen Jane	jmillar	Fri Apr 11 21:24:05 Z 2014	post9 834	topc6642
Re: HPCG Criteria for creating an IHTSDO Special Interest Group	Jane - comments as promised. Slide 2 -1.a: Ideally a professional SIG would be recognised by specialty representative bodies in one or more IHTSDO charter member countries as providing domain expert interest for that specialty Slide 2- 2.a Perhaps we need to clarify that a professional SIG may be active in defining terminology or defining subject matter for which terminology is required or should possibly be modified, - routes by which this may be moderated for SNOMED CT are covered in point 2.b Slide 2 - 2. You might wish to consider whether a professional SIG might have a role in reviewing domain terminology requests arising from other areas, charter members or professional bodies where it could be reasonably considered that the professional SIG would provide the domain expert knowledge for that area. Slide 2 Function SIG's - I presume these would be meant for issues such as observables and substance heirarchy redesign? Slide 3 points 1&2. It seems reasonable to try and address some areas by task and finish groups - an orthopaedic example I can think of that applies to bothOPCS and SNOMED CT is current terminology for arthroplasty of many joints - probably better addressed in a task and finish group if one could be established rather than a more open ended SIG Slide 3 point 3- As you have no doubt realised a major difficulty is getting the relevant professional input. Something that might help as regards the UK is the formation of the Professional Records Standard Body in the UK, managed by the Royal College of Physicians, but has many professional bodies in the UK as members and is supported by the Health and Social Care Information Centre and the Academy of Medical Royal Colleges Slide 4 - point 6 - I think this is one of the major reasons for seeking recognition and support from professional bodies within members of IHTSDO	anorton	Sat Apr 19 21:07:11 Z 2014	post9 867	topc6642

HPCG RE HPCG presentation in SNOMED CT Expo 2015 (collabnet topic id: topc7597)

Title	Content	Created By	Date Created	ID	Topic ID
HPCG RE HPCG present ation in SNOME D CT Expo 2015	HI everyone Following up on the HPCG call in July, Zac and Andrew worked together to produce a draft abstract for the SNOMED CT Expo 2015 - many thanks We have worked today on the next version and would appreciate your feedback by Wednesday 19 August end of day so that I can submit on Thursday. Please check that you are happy with the title of the session, currently proposed as 'Clinical input to SNOMED CT'. Given that the purpose of the abstract is to attract people to the session, feel free to add any key words etc or amend the language to be more exciting! Also, I would ask at this time for key bullets of information which you think we should cover in the session so that we can draw it in to an outline ready for the HPCG meeting in September – please add comments or feedback on the abstract on this discussion forum so that others can review Many thanks, look forward to hearing from you Jane	jmillar	Mon Aug 17 11:26: 27 Z 2015	post1 1404	topc7597

HPCG HPCG draft abstract (collabnet topic id: topc7598)
