

Dashboard Widgets

Overview

Information on widgets that appear in the dashboard.

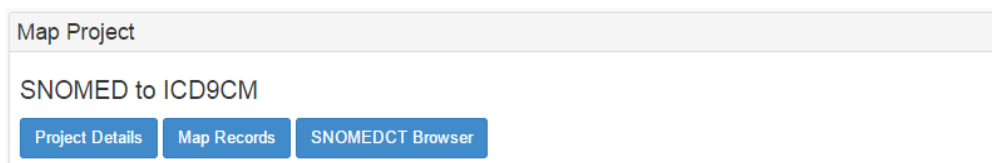

Dashboard Widgets

Following are the application widgets used on the dashboard. See also [General](#) for info on who sees which widgets.

Map Project Widget

Provides access to information about a map project, and a handy link to the browser.

Available to: VIEWER, SPECIALIST, LEAD, ADMIN

Available work widget

For assigning work. There up to four tabs that may appear here:

- Concepts - seen by SPECIALISTS and LEADS
- Conflicts - seen by LEADS only
- Review - seen by SPECIALISTS and LEADS
- QA - seen by SPECIALISTS and LEADS

Available to: SPECIALIST (to assign themselves work), LEAD (to assign anyone work).
