

Single Concept Authoring (SCA) Managed Service - Release Notes (Versions 1.0.0-MS - 1.2.2-MS)

PLEASE NOTE: SCA Version 1.2.2-MS was the final independent version release for Managed Service. From Authoring Platform version 2.4.0 onwards all authoring platforms share the same converged codebase, so this page will no longer track independent releases for the Managed Service, and future releases will be tracked in the unified [Authoring Platform - Release Notes](#) page.
