Releasing a Refset

Overview

Documentation on releasing a refset.

Prerequisites

• For releasing a refset, the members must have completed the review workflow phase(s).

Releasing a Refset

To release a refsetfollow these steps:

- Log into the tool (https://refset.ihtsdotools.org)
 Select the "Refset" tab or the "Directory" tab.
 Ensure that your project role is the final reviewer in your project's workflow.
 Choose the Refset you want to release.

- Click the Mark ready for publication' icon for the refset. Note: the refset must be 'Finished' first.
