Anesthesia Clinical Reference Group

Welcome to the Anesthesia Clinical Reference Group space

The Anesthesia CRG would welcome new members who are interested in contributing to the enhancement of SNOMED CT to support Anesthesia and related areas.

The SNOMED International Anesthesia Clinical Reference Group is a community of practice for the clinicians focused on anesthesia

The role of all Clinical Reference Group is to provide a forum to discuss issues, and influence the development and improvement of content in SNOMED CT.

The Anesthesia Clinical Reference Group has been established to ensure that the requirements of the anesthesia community internationally are incorporated into the content of SNOMED CT international Release and also to support the development of international derivative products that will support implementations focused on anesthesia.
