Traceability matrix - LOINC Production release (July 2017)

July 2017 Production (version 3) (PUBLISHED) to July 2017 Production (version 4) (UPDATED LICENCE STATEMENT REJECTED BY LOINC) traceability

Differences found in package Comparison	Number of records impacted	Rationale
Readme file	n/a	Licence statement updated, at Jane and Suzanne's request...

July 2017 Production (version 2) to July 2017 Production (version 3) (PUBLISHED) traceability

Differences found in package Comparison	Number of records impacted	Rationale
Language files	8	8 new records added, as expected, for new concepts 734866006 and 734867002

July 2017 Production (version 1) to July 2017 Production (version 2) traceability

Differences found in package Comparison	Number of records impacted	Rationale
Concept files	1	1 blank space removed at the end of the line, as expected

Jan 2017 Beta (Published) to July 2017 Production (version 1) traceability

Differences found in package Comparison	Number of records impacted	Rationale
LOINCMapCorrelationOrigin (Full + Snapshot files)	8066	8062 records updated - this is actually only because we've retained the ID's for this file (since the Beta), meaning that the comparison scripts see the update of each record to simply update the effectiveTime from 20170131 to 20170731 as an update! 4 records removed as expected (from Suzanne's changes)
LOINCExpressionAssociation (Full + Snapshot files)	21971	21889 records updated - this is actually only because we've retained the ID's for this file (since the Beta), meaning that the comparison scripts see the update of each record to simply update the effectiveTime from 20170131 to 20170731 as an update! 82 records removed as expected (from Suzanne's changes)
RefsetDescriptor files	11	7 records updated - this is actually only because we've retained the ID's for this file (since the Beta), meaning that the comparison scripts see the update of each record to simply update the effectiveTime from 20170131 to 20170731 as an update! 4 records updated as expected (from Suzanne's changes)
ModuleDependency	2	2 records updated - this is actually only because we've retained the ID's for this file (since the Beta), meaning that the comparison scripts see the update of each record to simply update the effectiveTime from 20170131 to 20170731 as an update!

Concept files	2	2 new records added as expected, for concepts 734866006 and 734867002, to allow LOIND to be released, before these 2 concepts are promoted to the International Edition in the Jan 2018 International release
Description files	4	4 new description records added as expected, for concepts 734866006 and 734867002, to allow LOIND to be released, before these 2 concepts are promoted to the International Edition in the Jan 2018 International release
Stated Relationship files	2	2 new relationship records added as expected, for concepts 734866006 and 734867002, to allow LOIND to be released, before these 2 concepts are promoted to the International Edition in the Jan 2018 International release
Inferred Relationship files	2	2 new inferred relationship records added as expected, for concepts 734866006 and 734867002, to allow LOIND to be released, before these 2 concepts are promoted to the International Edition in the Jan 2018 International release
