

Feedback on the SNOMED CT Logic Profile Enhancement, upcoming meetings and the 2018 work plan

Hi everyone,

There are a few items to bring to your attention and they are noted below.

SNOMED CT Logic Profile Enhancement

Please be advised that the draft of the SNOMED CT Logic Profile Enhancement document is now available for comment with responses due by the end of September. The request from the Modelling Advisory Group and access to the document is located: [SNOMED CT Logic Profile Enhancement](#)

Upcoming meetings:

- September 12th 2000UTC
 - Please let me know by Thursday 7th September if there are any items that you wish to bring for discussion to this meeting.
 - Current draft of agenda: [2017-09-12 - CMAG Meeting](#)
- October Face to Face business meetings:
 - We have three meetings planned:
 - CMAG/Member Forum: Member information sharing on content development
 - Planned for Sunday 15th October in the afternoon. Timing to be advised.
 - Joint Advisory Group meeting: SNOMED CT Logic Profile Enhancement
 - Timing to be advised shortly
 - CMAG
 - Timing to be advised shortly
 - Current draft of agenda: [2017-10-18 - CMAG Meeting Face to face in Bratislava Slovakia](#)
 - Please advise any additional topics by 30th September : [2017 CMAG October face to face meeting](#)
 - Please let me know via email (when you know) which of these meeting(s) you are planning to attend in person, looking to dial in or if you will be unable to attend.

2018 Work plan

We need to start considering items for our 2018 work plan which will be discussed at the CMAG meeting in October. Please post potential items for the work plan: [CMAG 2018 work plan: suggested items](#)

Kind regards,

Cathy
