

# Call for Advisory Group Nominations: Deadline: Friday June 15th, 2018

SNOMED International has a number of voluntary Advisory Groups designed to participate in the development and implementation of its products and services. See <http://www.snomed.org/participate/join-an-advisory-group/> for information on each of the groups. At this time, SNOMED International is seeking volunteers to serve on the following Advisory Groups:

- E-Learning (ELAG)
- Modelling (MAG)

## Changes to the 2018 Nomination Process moving forward include:

- Initiation of the nomination process earlier in the year to accommodate the needs of advisory group members to SNOMED International events, and
- Not requiring a formal application for advisory group members who qualify for renewal of their term, but instead a notification to their chair of the wish to be renewed.

## How do I apply for a position on a SNOMED International Advisory Group?

### Selection Process

Anyone can apply. **The deadline for submitting a nomination is Friday, 15 June 2018.** Applications are reviewed, applicants not accepted will be notified immediately and applications will be reviewed and accepted by the AG Steering Group. All candidates will be notified by the end of June 2018.

### Application Checklist

Applicants, please make sure you include the following items in your email submission to [ag@snomed.org](mailto:ag@snomed.org):

1. Completed Nomination Form, including your declaration of interest and statement of relevant skills per the applicable skills matrix (see attached document)
2. Your CV (resume)

Please contact [ag@snomed.org](mailto:ag@snomed.org) with questions, or for additional information on the Advisory Group nomination process.
