Dear all,

The Production release of the July 2018 General Practitioner/Family Practitioner (GP/FP) SNOMED CT® Reference Sets and SNOMED CT® to ICPC-2 Map package is now available, from the MLDS distribution site.

This package may be distributed to Affiliate Licensees and third parties at any time, within the relevant licensing restrictions. The Production release of the GP/FP SNOMED CT® Reference Sets and SNOMED CT® to ICPC-2 Map package is dependent upon, and should therefore be consumed in conjunction with the July 2018 SNOMED CT® International Edition.

All files distributed are available from the "July 2018 v1.0" version in the "GP/FP SNOMED CT Refset and SNOMED CT to ICPC2 Map package - SNOMED International" project, which can be found on the "IHSTDO Releases" page in MLDS, accessed here:

<https://mlds.ihtsdotools.org/#/ihtsdoReleases>

The GP/FP SNOMED CT® Reference Sets and SNOMED CT® to ICPC-2 Map package contains SNOMED CT files in Release Format 2 (RF2) only, distributed in a zipped file archive:

- SnomedCT\_GFPICPC2\_PRODUCTION\_20180928T120000Z.zip
