

# 2019 Administrative Content work

## Goals for project

- Identify those which are internationally interoperable; recognising each country has a different approach i.e. may be lexically same but potential different semantics,
- Establish which is the correct format - consider translation
- Create a policy which applies to these and future requests for new content in this area
- Decide which are realm specific and return to National extension

## First stage review: Referral and registration

**Deadline - January 31st, 2019**

3 areas have been prioritised for review:

- Tab: Administrative status - 309012006 |Referral statuses (finding)| and subtypes
- Tab: Administrative status - 307827002 |Registration status (finding)| and subtypes
- Tab: Administrative procedures - 3457005 |Patient referral (procedure)| and subtypes

In the spreadsheet, please answer these questions for each:

- Do you have a use case?
- Can you provide a definition?
- Which is correct grammatical format/tense e.g. "referred to" or "referral to" - establish most appropriate and internationally applicable.
- Provide any other information which may be of use. "
