

January 2019 SNOMED CT International Edition release available

Dear all,

The Production release of the January 2019 SNOMED CT® International Edition is now available to everyone, from the MLDS distribution site.

All files distributed for the January 2019 International Edition are available from the "January 2019 v1.0" version in the "SNOMED CT International Edition" project, which can be found on the "SNOMED Releases" page in MLDS, accessed here:

<https://mlds.ihtsdotools.org/#/ihtsdoReleases>

The SNOMED CT International Edition contains SNOMED CT files in Release Format 2 (RF2) only, distributed in a zipped file archive:

- SnomedCT_InternationalRF2_PRODUCTION_20190131T120000Z.zip

The Release Notes ("doc_SnomedCTReleaseNotes_Current_en-US_INT_20190131.pdf") can be downloaded as distinct files from the same MLDS release version, or accessed online:

<https://confluence.ihtsdotools.org/display/RMT/SNOMED+CT+January+2019+International+Edition++SNOMED+International+Release+notes>

Those Members using MLDS as their distribution site will find that their affiliates have access to the new release automatically.

All vendors and affiliates should please contact their National Release Centre (NRC) for information on when the latest release package will be available for download from the NRC website. Contact details for all NRC's can be found here - <http://www.snomed.org/members/>.

Please refresh your memory of all changes to this release (and future releases), as published on the Early Visibility page here: <https://confluence.ihtsdotools.org/display/RMT/Early+Visibility++Planned+changes+to+upcoming+SNOMED+International+Release+packages> and in the Release Notes in sections "3.3 Technical updates" plus "3.2 Resolved Issues" (where all changes to the final Production package made throughout the Alpha, Beta and Member Release cycles are logged). In addition, section "2.3.1 Logic Profile Enhancements" of the Release Notes contains links to documentation and instructional videos regarding the new Description Logic and OWL enhancements.

If you have any questions about the January 2019 International Edition, or have difficulties downloading the files from the distribution site, please contact SNOMED International at support@snomed.org with "January 2019 International Edition release question" in the subject line.

Kind regards,

Andrew Atkinson | Release Manager
