

Education Benefits for Members

Background

Each Member is entitled to the following education benefits:

- Free Courses for all registrants from Member countries/territories
- Membership discount for all education certification exams offered
- NRC access to one free registration annually for each education course offered
- NRC access to one free certification exam annually

Claiming Member Benefits

To enrol in all SNOMED CT courses and certification exams, please visit our SNOMED CT course catalogue at <https://courses.ihtsdotools.org/> and select the relevant education product.

Participants will be offered **membership discount** (including free enrolment in the Courses) **automatically** when they login to their E-Learning account during the enrolment process. Discounts are calculated, based on the participant's registered country/territory.

SNOMED National Release Centers (NRCs) can claim **one free enrolment** in each certification every year.

- To can claim their **free NRC enrolment** in any **certification exams** by emailing elarning@snomed.org to request a 'Member free' voucher. This voucher can be used to register for free via our [Course Catalogue](#). Please include the name and email of the person who will be enrolling, and the course intake in which they would like to participate. We will then send the voucher to the selected participant. All 'Member free' voucher allocations must be approved by the Member Forum representative in the respective Member country/territory.
